

Taos High School

CJ Grace, Ed.S

Principal

Taos High School is ready to welcome your student back to school! The last six months have brought unprecedented challenges and changes in our community. Safety and wellness are our top priorities as we think about returning to school in August. We have been busy over the summer planning for academic, e-learning platforms (Canvas and PowerSchool), athletics, and wellness programs for the 2020-2021 school year. Our goal is to bring our mission and vision of preparing all students for success in any field they choose to pursue to life. We are committed to supporting your student's success and well-being in high school and to preparing them for college and career after graduation. Considerable thought has been given regarding the best ways to deliver on our mission and vision while maximizing safety for our community considering the COVID-19 pandemic. We are committed to implementing and following emerging guidelines from the CDC and public health orders in New Mexico.

Students and families have the option to choose online learning only or a hybrid model (online + face to face). When attending face to face, students will come on a designated day of the week. Wednesday mornings will be an additional time for students that need extra help to get it. We use a system called SchoolMessenger to call, email, and text families. Please make sure that we have your current contact info on file.

THS will continue to offer academic support through afterschool tutoring or intervention classes in reading and math, dual credit classes through THS/ UNM, a pathway to earn an Associate's degree while in high school, and AP/ Honors classes. If your student is would benefit from one of these programs, please contact their grade level counselor.

In closing, THS staff are unparalleled in their capacity to deliver an unmatched educational experience even considering the current challenges. Please join me in congratulating the Class of 2020 for all their amazing accomplishments and exciting plans for the future & in welcoming the Class of 2024! This is a great time to be part of the THS community! Go Tigers!
