Pillar I – Safety Wellness

EP Focus: Actively monitor safety & wellness throughout Taos Municipal Schools and community to determine make the best decision for reopening of schools

School Indicator: **Aggregate of Tier 1-4 Supports**

The numbers in each Tier have dramatically increased from Oct 19, due to an adjustment in calculating attendance in PowerSchool. An issue in reporting attendance with 100% accuracy was recently discovered and resolved, so that attendance reports will have accurate attendance information. Prior to the adjustment, absences were under-reported since August 13, 2020, when school started.

The attendance calculation used to factor absences for each Tier is now based on "rolling averages" rather than absolute days. "Rolling average" allows for the periodic adjustment of absences, based on percentages in each Tier, as school days increase. This was anticipated in the early build and a feature is available to adjust the days of absences accordingly.

Pillar II – Student Achievement

***EP Focus:* Identify, plan and provide instruction to reduce learning losses gap resulting from Spring 2020 early closure by end of 20-21 school year.**

Taos Middle School Reentry update – We have 161 (38%) students in our reentry program. Students are in small pods (3 to 7 students) all day where they receive their instruction via canvas. Teachers that are with students are able to assist students with their lessons. Students grab a breakfast on their way into the building and eat their breakfast in the classroom, lunches are also delivered to the classroom where students eat their lunch. All students are temp. tested upon entry to the school in the morning, staff utilize the Eagle app. for their screening. We have developed several schedules, one allows teachers to take students outside for a mask off break, this is scheduled for once in the morning and once in the afternoon. We also have a schedule to provide break time for teachers and a duty-free lunch for teachers. Along with regular duty schedule, we also have COVID supervision schedule, staff ensure that students are socially distanced and following all safety protocols. All parents of student that are coming into the school were required to sign a COVID safety assurance along with proving the school with an extensive emergency contact sheet. This is definitely a new and unique experience for all that are involved, we are address and adjusting as needed.

Pillar III – Educator Excellence

***Emergency Plan (EP) Focus:* Educators will provide effective remote and blended learning instruction during 20-21 school year.**

Leadership members will participate in P.D. on May 17th and 18th. Topic is Leadership Development with Dr. Luis Cruz The Science staff at Taos Middle School has been selected to participate in Next Generation Science Classroom Innovations PLC. We were selected by NMPED.

The Classroom Innovations guide is designed to support teachers in professional learning communities (PLCs) working to implement the NM STEM Ready! Science Standards one innovation at a time. This PLC model is designed to meet the school community's unique needs, offering a flexible approach that allows PLCs to choose the learning path based on the school community's collective needs.

School Indicator: Taos Middle School participated in a MLSS review conducted by NM PED. We have completed the assessment tool. The review to took place on April 23rd throughout the day. Some of the groups that were interviewed are Leadership Team, Principal interview, school Health and Wellness Team, and a Family community Team. We also provided class videos to be reviewed. The MLSS specifically asked for a video from our Teach to One (TTO) program, and one from our AVID program.
