

Title I Part A: Improving the Academic Achievement of the Disadvantaged

The Title I Part A program helps students in high poverty schools meet the same high academic standards expected of all children. Funding is distributed to districts based on poverty as determined by the US Census Bureau. Funds are to be used to address students' specific educational needs as described in schools' needs assessment.

"The purpose of this program is to provide all children significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps." ESSA, Section 1001
